

IRC recognizes the importance of food security and nourishing young minds so that they can be successful in school and in life.

We are pleased to announce that IRC will be providing food baskets to school-aged families throughout the summer as part of the ISR School Food Program!

The details for the pick-up of the food baskets will be posted in each community in the coming weeks.

Each week we will provide a variety of food items, along with recipes and links to how-to videos. We encourage ALL families to try the recipes with their children and get the whole family to participate in creating meals to share.

In partnership with the Inuvialuit Community Economic Development Organization (ICEDO), we will ensure country foods are also provided, encouraging both the nourishment of our minds and souls.

To participate, please complete this form and return it to sallen@inuvialuit.com.

It is **important** that we receive this form so that we know how many families wish to participate and how many children are in each household.

IMPORTANT NOTICE: This program is limited to households with school-aged children **only**, as funding has been approved and received based on those numbers.

Parent/Guardian: _____ Community: _____

Physical Address: _____ Phone Number: _____

School-Aged Children:

- 1) _____ Grade: _____
- 2) _____ Grade: _____
- 3) _____ Grade: _____
- 4) _____ Grade: _____
- 5) _____ Grade: _____

Please indicate the dates that you will be **in the community**. Please do not check mark if you plan to be traveling or out of town, as we do not want food to go to waste.
